Each team is required to submit a team roster with names of players and subs. Only players who have paid the \$25 player fee, may compete for points and/or weekly payouts & flag prizes.

In the Gross Pot, multiple birdies will split the pot. If there are no Gross birdies or better, that pot will carryover.

In the Net Pot, if more than 2 players have the same score, the pot will carryover to the next week.

***Any Hole-In-One made during league play by a league member will be awarded \$100 from the Men's League.*

Handicap

EagleRock Men's League will host an in-house handicap. Handicap's will be calculated using your 3 most recent 9 hole league scores. After week 3, all players' handicaps will be calculated and the first 3 points weeks will be scored. For returning players, if they have not established a handicap by week 3, then the last years year-end handicap will be used. For new players, if they have not established a handicap after week 3, then if they have an MSGA handicap that will be used. If they do not, then they will start with a scratch handicap. After week 3, each player's handicap will be calculated off the average of their last 3 weeks of eligible scores. Average handicaps will be rounded to one decimal each week and from there either rounded up or down depending on the decimal.

Ex: 15.4 = 15, 15.5 = 16

Equitable Stroke Control will be used for all league rounds played for the purpose of score posting and determining 9 hole handicaps. *(See back page for example.)*

Every player in the league is **recommended** to pay \$18 to establish an MSGA handicap, if you do not already have one. This money is paid to EagleRock but goes directly towards your MSGA yearly handicap and membership. Adjusted league scores will be posted to your MSGA Handicap.

Format

Each week teams will compete against each other in Individual Match Play.

There are 20 points available each week of play. 10 points per individual match.

1 point per hole & 1 point for winning each individual match.

Handicap Strokes will be awarded to the higher handicap player in each match. They will receive the difference between their 9 hole handicap and their competitors. They will receive those strokes on the hardest handicap holes. Ex. Player A is a 9 handicap, and player B is a 5 handicap. Player A will receive 4 strokes on the 4 hardest holes.

Each team will have 2 players playing for points every week. The low handicap's on each team play each other and the high handicap players will play each other. In the absence of a team or player the other team will play against Par. When playing against Par, you will receive a 2 stroke subsidy, added to your handicap. **Any team playing against par must be accompanied by a sub**

to attest to their scorecard or if a sub is not available, that team must join another foursome to attest to their scorecard.

Flag Prizes

The league will pay four flag prizes each week.
Each flag prize will be worth \$10.00 in golf shop credit.

Weekly Payout

There will be a weekly payout every week of league (excluding fun nights). There will be individual payouts and team payouts.

Tiebreaker

In the event of a tie for 1st Place, for season-ending points standing, there will be a sudden death playoff between the two teams using the Best Ball of Partners format, with each player playing off their most current league handicap. This playoff will start on Hole #10, then #18 and back to #10, if necessary. If daylight is an issue, the committee will decide the most fair and equitable way of determining the winner. All other ties will be split.

Disciplinary Actions & Disqualification

If any player is reported for conduct un-becoming of another player, that player will be subject to disciplinary action from the committee, upon review of the situation, ranging from points deduction and not limited to league expulsion.

If a team does not show for 3 consecutive weeks, that team will be disqualified.
(With no refunds.)
